NEWS & VIEWS

Vol. XIV, No. 5

Minneapolis, Minnesota

June, 1966

With the change in seasons from spring to summer has come another change this year. Our faithful "News & Views" editor for the last eight years, Virginia Messer, has resigned this position with her move to Minnetonka. She has done an excellent job and deserves a rest.

As your new editor, I'll need a lot of help. My first response to the request to serve was, "But I don't know anything about iris!" And the reply was, "You don't have to!" So that means I'll depend on all you enthusiasts to supply material for me to put together. Call or mail news items to Mrs. Walter (Grace) Carlock, 3039 Colfax Avenue South, Minneapolis 55408, Phone 825-4697. The next issue of "News & Views" will be for September.

Bring your late iris and peonies to show

PRESIDENT'S MESSAGE

Hello!

By the time you read this our Iris Show will be but a memory. The report so far has not been too encouraging. I have had some winter damage and scorch, and along with those days of 23 degrees, some of the bloom stock has been damaged. So barring another high wind and rain storm, we should have a good turn out. As you remember, last year we had our best show after floods, tornadoes, and hail.

We all wish to thank Greta and her committee for their all out efforts to make our show the best; and win, lose, or draw, you cannot beat nature. But maybe we can work around her.

It has been suggested that we choose the second week in June for our show next year, as the first weekend comes so near the first week of June; and also that the May meeting be held just before the show. I would like to have this settled at our June meeting.

We would also like to have some suggestions from our members as to what type of programs you would like to have at the meetings for the coming year. I am sure there are many of you that have pet subjects that have not been touched upon yet. Let us know, so we can make arrangements.

Our June meeting will be held the 16th with Gus Sindt in charge of the program, and again we get to partake of our members' famous dishes. 6:30 p.m. is the time; so come early as there will be a lot to discuss. This time I think in appreciation for all the men folk have done for us, they should be the guests of the women.

The new editor of the "News & Views" is Mrs. Walter Carlock, so as of now any item of interest should be sent to her. Our many thanks again to Virginia Messer for her wonderful work over the years.

And so we come to the summer vacation. Don't forget the auction on July 29, 1966 and the September 15, 1966 meeting. Happy gardening to you all.

See you June 16th!

Sincerely,
Charlotte Schoene

A visit to Mr. Gable found him doing well and able to be out a few hours a day to enjoy his iris. Mrs. Gable says he has seen more of the garden this year than ever before.
